Dear Ricardo Salinas Foundation,

Thank you for funding my trip to attend the Aspen Institute's Latinos & Society America's Future Summit. This one-day conference was truly a great experience where I learned about different organizations and the work they are doing on the ground to promote change within the Latino community.

I also had the opportunity to network with professionals in a variety of industries in both the private, non-profit, and government sectors. Speaking with experts in the fields helped me learn about different career options for those passionate about promoting social change in the Latino community. Because of this conference, I am more knowledgeable about social change in general and what I can do to help promote it. I am more interested in working in the White House and a variety of different nongovernmental organizations and I thank the Ricardo Salinas Foundation for helping further this interest.

Best,

Abril Castro
